VARIOUS AND ALL ABOUT.

Some one has predicted that it would rain until the 8th of August.

The rainfall on Tuesday night was nearly two inches. Almost as much as Saturday night and Sunday.

There will be evening service at St. Luke's Episcopal church on Sunday at 6:30 o'clock.

The communion will be administered at the Lutheran Church of the Redeemer on Sunday morning at 11:30.

The Bush River Sunday school picnic, which was appointed for today (Friday), has been postponed on account of the rainy weather.

The Ladies' Aid society of the Lutheran Church of the Redeemer will meet with Mrs. A. J. Bowers Monday afternoon at 6 o'clock.

Haltiwanger and Carpenter have an announcement that should be of special interest to the ladies. Better see what it is.

The Delmar reunion of Newberry college, which was appointed for Friday (today), has been postponed on account of the bad weather and will be held some time in August.

Better renew your subscription to The Herald and News while the renewing is good at only \$1.50 a year. That is mighty cheap for a mighty good paper for a whole year.

We told you away yonder in the early part of the year about the prediction of Mr. D. E. Sease that we would have a wet year. He has a sign that he has observed for 45 years and it has never failed and it has not failed this year.

The recent rains have made the Piedmont highway impassable between Newberry and Jalapa and at the Gum Spring branch several cars were stuck on Wednesday and had to be pulled out. Cars have been detoured around by Helena.

Let every citizen of Newberry read the report of the special committee appointed by the citizens meeting on the needs of the Newberry school, and then let every one attend the citizens meeting called for next Wednesday to discuss and adopt the report.

Mr. John Calhoun Harman who has large and varied experience in the dry goods business, and who has hosts of friends in Newberry and Saluda counties, is now with Mr. B. T. Anderson, the Globe Dry Goods company, and will be glad to see and to serve his friends.

Cotton sold a few days ago in Newberry at 35 cents, but it does not remain there long. If the rains are elsewhere in the cotton belt like they have been in Newberry it will not be long before the price will go higher, if the prospect for a short crop will have anything to do with the market.

A negro man well and hearty was before the recorder on Thursday on the charge of vagrancy and was given

on a sentence of thirty days or pay a fine of \$25.00. With as much work as is to be done around here there is no excuse for vagrants to be loafing around and the pity is the recorder could not give 'em 90 days.

There have been some mighty fine tomatoes grown in Newberry this year by some of our expert gardeners. Dr. Van Smith has had a very fine garden. It would be a good thing if some of these good gardeners would can a lot of the vegetables. They may be needed when the winter comes on.

The old Newberry knitting mill can be turned into an ideal school building for the negro children. If you don't believe it just go around to the office of the clerk of court and look over the drawings and see for yourself. It is the best solution of the problem of better facilities for these schools and can be done at a minimum of cost.

That was another heavy rain on Tuesday night and again on Wednesday. The creeks and branches have been very much swollen and much of the sand in the streets has been washed back to Scott's creek. And the weeds are growing beautifully along most of our streets. It can't be helped except by doing some work that will last and that will not wash away with every rain.

Speaking about banks, it may be a little late after the publication of the report, but did you notice the report of the Peoples National bank at Prosperity? It was a fine one and the boys down there are walking about in the banking business. The total of the statement is more than half a million and the capital is only \$25,000. In proportion it is doing more than the big banks of the county. And President Wheeler has borrowed very little money and paid for the government bonds purchased.

SETZLER CAUGHT IN JACKSONVILLE.

Newberry Negro Shot Wicker Caught and placed in Newberry Jail by Sheriff Blease.

The State. Clarence Setzler, negro, charged with killing Robert Wicker at Newberry last week spent last night at the police station. He was brought from Jacksonville by Sheriff Cannon Blease.

Setzler is about 25 years old and of short, stocky build. He admits having fired the shots that killed the white man, but claims it was not intentional. The negro said he was at his Aunt Bertha's when some children told him that some person was around a cluster of bushes. He picked up his rifle and walked toward the bush. He said he hesitated and had about decided that no one was around when he fired 4 shots toward the bush. He did not have any idea that any person was near when he shot. The scene of the shooting was some distance from where Mr. Wicker lived. Setzler said yesterday that he had no grievance against Mr. Wicker, that they had been friends and Wicker had visited him in the field on the morning of the day of the killing.

Setzler said as soon as he discovered what had happened he walked to Columbia and boarded a train for Florida. He was in Jacksonville when Sheriff Blease captured him. The negro will be taken to Newberry this morning to await trial on the charge of murder.

Robert Wicker was 35 years old and unmarried. He lived with his sister whose home was about one-quarter of a mile from where he was killed. The shooting occurred at about 10 p. m., Monday, July 14.

Manuel Setzler, an uncle of Clarence Setzler, was arrested and lodged in the Newberry county jail. He denied having participated in the shooting.

Sheriff Blease arrived in Newberry with his prisoner on Tuesday morning.

Special Service at King's Creek. Beginning Thursday evening, July 31, a series of services will be held at King's Creek. Rev. L. T. Pressly of Woodruff, S. C., will be present and conduct the services. Further announcements will be made through the papers on next Tuesday.

Card of Thanks.

We take this method to thank the many friends for their thoughtfulness during the death and burial of our brother, Rebt. A. Wicker, and hope that they all may be rewarded for their many kind deeds.

Mrs. Ida Dickert and Brothers. Pomaria, S. C., July 24, 1919.

We desire to express our sincere thanks to our neighbors and friends for their many acts of kindness and sympathy shown us during the illness and death of our beloved wife and mother, Mrs. Cummings A. Bouknight.

SCHOOL TRUSTEES ASKED TO MEET SATURDAY.

The trustees of the schools of Newberry county are asked to be present at the meeting to be held Saturday morning at 10:30 in the court house for the purpose of discussing "Adult Illiteracy."

Misses Sadie Goggans and Ola Brown, two experienced teachers, have accepted the work as organizers for Newberry county. This work is a part of the State department and has Miss Will Lou Gray at its head.

The work has the support of the legislature in the appropriation of \$25,000 to be used in teaching grown people who were denied opportunities as children. This along with compulsory attendance for those between 8 and 14 will wipe out illiteracy in Newberry county.

It is urged that the trustees come and cooperate in one of the greatest school causes.

POOR EYESIGHT IS ONE OF THE GREATEST DRAWBACKS TO THE HEALTH AND DEVELOPMENT OF CHILDREN. It is also responsible for a goodly percentage of backwardness in school.

Perhaps your youngster's sight is defective. It won't require much effort to find out and you will be better satisfied to know.

As your child grows into maturity and reaches the bifocal age later on in life, he will want the best double-vision glasses he can find. Then is the time he will own a pair of KRYPTOKS, because their invisibility, comfort and convenience will afford him more eyesight enjoyment than any bifocals he can procure.
